

President's Message 2018-2019

Hi and welcome to a new year with NODA!

My name is Ulrika Midner and I am your president for the year 2018-2019.

I currently work as a Clinical Dietitian at Touro Infirmary where I provide medical nutrition therapy to inpatients anywhere from ICU to rehab to outpatients in oncology and cardiac rehab. I am a certified nutrition support clinician and critical care is one of my biggest interests.

I am very excited about the upcoming NODA year. NODA as an organization is important for several reasons. First of all, it serves as a great tool for the dietitians in the New Orleans area to come together and further our knowledge and connections. Second, it gives us the opportunity to reach out to the community and educate the general public. In doing so, this will hopefully have an impact on the health status of the citizens of New Orleans. We are the nutrition experts and we should all strive to promote our profession and work towards a healthier society.

This year we will have a great variety of speakers and we will continue to promote the NODA WORKS groups where you as a member can join and further your knowledge in specialty areas. We are also going to work on getting our organization more visible in the community!

You can join NODA online at <http://www.eatrightneworleans.org/join-noda>.

Look at our website for this year's schedule and announcements. We are also on Facebook <https://www.facebook.com/eatrightnola> and Twitter @eatrightnola!

I look forward to serving you as this year's president. If you have any questions or suggestions, please contact us via email at:
